Abstract

BANGKOK Software Co., Ltd. is a business technology services such as design advice network maintenance computer device and accessories. Cooperative Education students are assigned work at Bangkok Software Co., Ltd. in Application Software Development position. The main user's problem is having many old computers which lower processing when have many data. Thus, Cooperative Education students create the manual "PC Setup Guide with Ghost Software version 4" which transfer and copy data of one computer to other.

Keywords: PC Setup Guide/Bangkok Software/Adobe Captivate 8
